### NEW THIS YEAR:

In order to help document the fun and memories throughout camp, each student will be keeping short journals of their daily experiences. These journals may also be used to convey important information regarding your child, including helpful notes from camp staff, and some fun memories of our own. We'll let you know about these notes if they show up in your child's journal and if / what the next steps should be. Ask our Manager for more information!

## WEEK 5: ANIMAL TALES & TAILS

Let's grow some legs this week! We'll be learning about and making all sorts of creatures this — from scales to feathers to fur, who knows what we'll be creating next! Mixed media is the name of the game this week as we experiment and create each and every day.

*Join us as we meet, create, and make friends with animals of all kinds! We'll draw, paint, sculpt and play games as our favorite animals and create stories to remember the adventures by!*

### TEACHER SPOTLIGHT: CHRISTINE BAKANOWSKY

Ms. Bakanowsky is the fifth grade teacher at Stone Lakes Elementary during school year—and here's a twist—she teaches math and science! Ms. Bakanowsky uses creative thinking to not only create some really fun projects with our 1st and 2nd graders, but they all learn something as well! She has a BA in Elementary Education, and a MA in Math and Science Education. This is Ms. Bakanowsky's second year at Culture Camp!

## SO WHAT ARE WE DOING THIS WEEK?

**Is your child one of our full day campers? Here's what's on the agenda from 2 pm—4 pm each day.**

### Monday

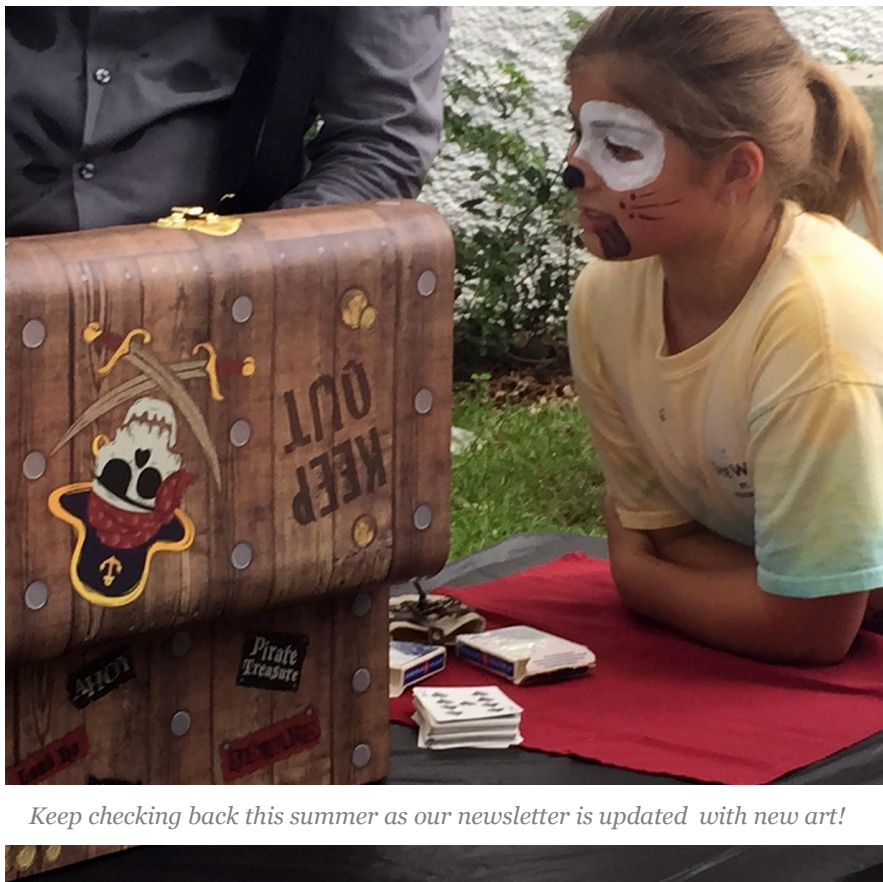

**Nature Scavenger Hunt**—Get out your magnifying glass and let's get outside to explore! Follow clues all around the Maitland Art Center to find artwork, animals, and plants to record in your journal. The team with the most lifelike pieces by the end of the hunt wins!

### Tuesday

**Waterhouse Residence and Artist in Action Visit**—Make sure you wear your walking shoes today! We'll be heading to Lake Lily to explore the Historic Waterhouse Residence. We will also be meeting Faren LeJeune, one of our Artist in Action, and learning all about his artwork!

### Wednesday

**Outreach-Audubon Center for Birds of Prey.** Right around the corner here in Maitland live some feathered friends who will be visiting us today. Big thanks to the Audubon Center for Birds of Prey for visiting our camp today. Owls, hawks, and eagles all might be making special appearances today!

*Keep checking back this summer as our newsletter is updated with new art!*

## OUR WEEK CONTINUED...

### Thursday

Puppet Making Workshop—Let's bring some of these animals we've learned about this week to life! Today we'll be making our very own animal puppets to create performances and learn about animal movement.

### Friday

Curatorial visit, art show, and movie day! Our weeks always end in our Art Show. Be sure each camper saves their favorite art piece from the week to be proudly displayed in our showcase. A staff member from curatorial will stop by to discuss the process of displaying art in a museum and help our show really stand out! We'll end the day by watching Zootopia!

**Don't forget a box or bag to transport all of your child's beautiful creations!**
